## Independent Auditor's Report on Review of Interim Financial Information

### To the Board of Directors of TPI Polene Public Company Limited

I have reviewed the accompanying consolidated and separate statements of financial position of TPI Polene Public Company Limited and its subsidiaries, and of TPI Polene Public Company Limited, respectively, as at 30 June 2026; the consolidated and separate statements of comprehensive income for the the three-month and six-month periods ended 30 June 2026, changes in equity and cash flows for the six-month period ended 30 June 2026; and condensed notes ("interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34, "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information based on my review.

#### *Scope of Review*

I conducted my review in accordance with Thai Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

#### *Conclusion*

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34, "Interim Financial Reporting".

**1 Basis of preparation of the interim financial statements**

The condensed interim financial statements are presented in the same format as the annual financial statements together with notes to the interim financial statements on a condensed basis (“interim financial statements”) in accordance with Thai Accounting Standard (TAS) No. 34 *Interim Financial Reporting*, guidelines promulgated by the Federation of Accounting Professions and applicable rules and regulations of the Thai Securities and Exchange Commission. The interim financial statements focus on new activities, events and circumstances to avoid repetition of information previously reported in annual financial statements. Accordingly, these interim financial statements should be read in conjunction with the financial statements of the Company and its subsidiaries for the year ended 31 December 2025.

In preparing these interim financial statements, judgements and estimates are made by management in applying the Group’s accounting policies. Actual results may differ from these estimates. The accounting policies, methods of computation and the key sources of estimation uncertainty were the same as those that described in the financial statements for the year ended 31 December 2025.

In 1997, the Company entered into an agreement to sell land to Thai Propoxide Co., Ltd. (a subsidiary) at the price of Baht 477 million, in consideration for a loan payable by August 2000, with interest of 16%. No payments of principal or interest were subsequently made by the subsidiary and consequently the Company deferred recording the gain on the sale land of Baht 40 million and interest income of Baht 155 million in income, and ceased accrued interest. The deferred gain and interest income are disclosed as non-current liabilities in the statement of financial position of the separate financial statements.

The subsidiary used the land as collateral for a bank loan, the proceeds of which were subsequently loaned to the Company. In 2000, the subsidiary's bank loan was assigned to the Company. Subsequently, in 2011, the land has been released by the bank as collateral and the subsidiary has sold a part of land to the Company and repaid a part of the land loan to the Company of Baht 68 million.

At 30 June 2026, the outstanding amount of accounts receivable from the subsidiary from the sale of land total Baht 421 million (31 December 2025: Baht 421 million) and the deferred gain on the sale of Baht 35 million (31 December 2025: Baht 35 million) and deferred interest income of Baht 134 million (31 December 2025: Baht 134 million) in the statement of financial position of the separate financial statements.

***Significant agreements with related parties***

***(a) Office building lease agreements***

The Company and its subsidiary have long-term office building lease agreements with a related company. Previously, the initial lease term for each lease agreement was for 3 years, with the lease being renewable. In July 1999, the Company and a subsidiary entered into a 90 years office building lease agreement with a related company to replace the expired original office building lease agreements in which the Company and a subsidiary made one payment for the whole lease period (*the total rental for the 90 years term of the lease is Baht 40,000 per square meter, equivalent to a monthly rental, before discounting cash flows, of Baht 37 per square meter*). The annual rental is deducted from the prepaid rentals. Subsequently, on 24 July 2001, the Company and its subsidiary agreed to sign the amendments in addition to the existing office building lease agreements with a related company. The initial period of the lease is for 30 years, commencing from the original date on which the rentals of each respective agreement were prepaid. The related party warranted that the lease would be renewable for another 2 subsequent periods of 30 years under the same conditions, including rental fee as set out in the original agreements.

On 25 August 2006, the Company and its subsidiary registered the lease with the Land Department.

Should either party terminate the lease agreement, the unused prepaid rentals are refundable to the Companies. Both parties agreed in principle to execute a mortgage on the office building as security for the unused prepaid rentals. As at 30 June 2026, there was no mortgage agreement as security for the unused prepaid rentals, so the recoverability of prepaid rentals depends on the ability of the related company to repay.

***(b) Electricity supply agreement***

- (b.1) The Company entered into an electricity supply contract with the subsidiary, to provide the waste heat to the subsidiary that will be used in the manufacturing process for electricity. The subsidiary shall supply the electricity to the Company based on certain percentage as specified in the agreement. The agreement shall remain in full force and effect so long as, unless it is terminated by mutual agreement in writing of both parties.
- (b.2) During the year 2024, the Company and its subsidiary entered into power purchase and solar energy projects service contract for a period of 30 years, starting from the commercial operation date (COD). The electricity charges is the same rate the Company purchased from Provincial Electricity Authority (PEA) per unit of electrical energy in that month. The service fee will be based on the terms mutually agreed upon.
- (b.3) During the year 2024, the Company and its subsidiary entered into power purchase and solar rooftop energy project service contract on the Company's factory roof for a period of 30 years, starting from the commercial operation date (COD). The electricity charges is the rate the Company purchased from Provincial Electricity Authority (PEA) per unit of electrical energy in that month. The service fee will be based on the terms mutually agreed upon.

**9 Income tax**

Income tax expense is recognised based on management's best estimate of the weighted average annual income tax rate expected for the full financial year multiplied by the pre-tax income of the interim reporting period. The Group and the Company's effective tax rate in respect of continuing operations for the six-month period ended 30 June 2026 was 13.77% and 8.74% respectively (*30 June 2025 was 14.16% and 6.96% respectively*). This change in the effective tax rate was mainly attributable to the utilisation of tax loss carryforwards and movements in temporary differences of deferred tax.

Later, on 2 June 2017, the Court called the Company to be a party (as an interpleader) in the case where the Plaintiff filed a lawsuit against the Minister of the Ministry of Industry, 1<sup>st</sup> Defendant, the Director-General of Department of Primary Industries and Mines, 2<sup>nd</sup> Defendant, Department of Mineral Resources, 3<sup>rd</sup> Defendant and Saraburi Provincial Industry Office, 4<sup>th</sup> Defendant (collectively “Defendants”); claiming that the Defendants’ issuance of Prathanabat to the Company is done in contradiction to regulation of Ministry of Interior on the Conditions and Means of Prathanabat Issuance, under Section 9 of the Land Code B.E. 2497, which such regulation of Ministry of Interior was issued in B.E. 2535; thus, the Plaintiff requested that such Prathanabat issued by the Defendants to “Petrochemical Industry Company Limited” which such Prathanabat was later assigned to the Company, be revoked. Further, the Plaintiff filed a request for an emergency interim measure demanding that the Court orders the Company to stop the blasting of rocks for mining activity, until the decision of this case is reached.

Further, the Court, together with the parties of this case, examined the area of the Company (interpleader) which was granted with Prathanabat by witnessing the rock blasting activity of the interpleader around 15.30 o’clock, standing approximately 300-400 metres from the area of blasting activity; which at the time of blasting, it made a slightly loud sound, but no vibration was detected.
